The International Mevlana Foundation (IMF) was formed as the public and legal body representing the community which continues to practice the tradition of the Mevleviyye Sufi order and the teachings of its founder, Mevlana Celaleddin-i Rumi. Chief among these traditions is the recognized ICH, the Mevlevi Sema Ceremony. Creating this foundation was necessary due to the 1925 law declaring the closure of Sufi orders in Turkey. After this law, Mevlevi practitioners had to rapidly find new ways to continue the oral and written tradition of the Mevleviyye order while still respecting the law. The International Mevlana Foundation was formed as one such measure and quickly became a meeting ground for Mevlevi practitioners and those interested in the tradition.

Today, under the banner of the IMF, modern practitioners of the Mevlevi way impart knowledge of the music and performative rituals of the tradition while also teaching the specific way the Mevleviyye embodies the knowledge of Mevlana Celaleddin-i Rumi's teachings. The manner it does this both fits with the history of the tradition, while still having transformed to suit the modern age and Turkish law. The foundation also functions as the meeting ground for groups abroad that practice the tradition, making it function as an international network of practitioners.

B.2. Domain(s) in which the organization is active

Tick one or more boxes to indicate the primary domains in which the organization is most active. If its activities involve domains other than those listed, tick 'other domains' and indicate which domains are concerned.

- ☐ traditional craftsmanship
- ☐ other domains - please specify:

Briefly describe below your organization's work in relation to the domains chosen (if your organization cuts all domains, explain how).

Not to exceed 250 words

As mentioned, the main aim of the IMF is safeguarding the tradition of the Mevleviyye Sufi order by transmitting the tradition to the next generation through traditional methods and finding new ways to practice the tradition in the modern era to revitalize the tradition. Chief among the traditions of the Mevleviyye is the “Mevlevi Sema Ceremony,” inscribed to the UNESCO Intangible Cultural Heritage of Humanity List.

However, it also works to put forward measures to protect the tradition from uncontrolled commoditization. Firstly, it acts in an advisory capacity to the Turkish government and local governing bodies and also advocates for further legal protection of the recognized ICH. Secondly, it is very vocal in explaining the tradition to the wider public to gain public awareness of the necessity of the protection of this ICH. Thirdly, it assists in academic work on this topic by publishing new written sources about the tradition and creating partnerships between academicians and traditional practitioners.

B.3. Primary safeguarding activities in which the organization is involved

B.4. Description of the organization's activities

Briefly describe the organization's recent activities and relevant experience in safeguarding intangible cultural heritage, including those demonstrating the capacities of the organization to provide advisory services to the Committee. Relevant documentation may be submitted, if necessary, under section D.3. below.

Not to exceed 550 words

General overview of recent or noteworthy activities;

Activities focusing on education/transmission/revitalization:

The foundation provides varied lessons almost every day of the week. Since the beginning of 2021, it has given over 390 online classes about topics such as close-reading Rumi's written works, other Sufi literature traditionally read in the Mevlevi order and the traditions of the Mevlevi path.

Each sheikh in our board of trustees is training practitioners with traditional methods. Students learn rituals such as Sema and dhikr, some learn musical instruments, and all students receive training in Rumi's teachings. For example: Sheikh Nadir Karnibuyukler at the Konya office of IMF has trained 51 people how to conduct Sema and has 20 musicians connected to him. He hosts weekly online meetings with 100-150 individuals about Rumi's philosophy. Sheikh Gustavo Humberto Martinez runs a branch of the IMF in Colombia, where 10 students have been taught how to conduct Sema and 45 students have learned Sufi music. They also conduct Sema 3 times a year for the general public. In total, these various sheikhs have roughly 317 active semazens that they have personally trained.

Since 2016, music teachers have trained a total of 75 students in weekly Mevlevi music lessons at our foundation. Graduated students form the UMY Mevlevi Music Ensemble, which has given 8 concerts so far.

Documentation/research:

In 2022 the foundation joined the UNESCO Turkey National Committee's Memory of the World committee in preparing for the application of the Mevlana Museum Manuscript Archive. Trustee Dr Nuri Simsekler is an advisor on the project.

Between 2010-2018, member Huseyin Top completed a 12-volume Mesnevi commentary (traditionally read prior to a Sema ceremony) that translated the tradition into modern Turkish for a modern audience. It was published by the foundation.

Preservation/Protection:

In 2013, the foundation ensured that 9 phrases relating to the Mevlevi path were taken under state protection by the Turkish Patent Institute. The foundation continues to manually apply for the rejection of trademark applications containing relevant phrases. This is to ensure that the ICH is not overly commodified in touristic businesses.

The foundation submitted reports for the rebuilding of several historical Mevlevi convents (Mevlevihane): Gelibolu, Cyprus, Tokat, Bursa, Yenikapi, Kasimpasa, and Bahariye. It met with restorators and local officials and advocated that the convents were built and later repurposed in ways authentic to the tradition. Our foundation, in cooperation with the Turkish Ministry of Culture, applied for "Sema and Mevlevi Music" to be added by UNESCO to the list of "Masterpieces of the Oral and Intangible Heritage of Humanity" and its application was accepted. Afterwards, after much lobbying, the Ministry of Culture published a circulated letter in 2007 and 2017 on safeguarding this ICH.

Promotion:

Every year we organize The International Love Walk, a 5-day hiking trip that follows the path Rumi took to reach the city of Konya. Every year many children and adults join.

The foundation's official Mevlevi Sema Ensemble provides weekly ceremonies for the general public in Konya.

Since 1998, under the leadership of vice president Esin Celebi Bayru, the IMF has been continually travelling to give talks in Turkey and abroad. Abroad, we have visited over 21 countries to give talks. In Turkey, every year we visit approximately 25 schools, universities, municipalities, political parties, religious groups. We also make regular monthly TV appearances.

B.5. Description of the organization's competence and expertise

Provide information on the personnel and members of the organization, describe their competence and expertise in the domain of intangible cultural heritage, in particular those that demonstrate the capacities of the organization to provide advisory services to the Committee, and explain how they acquired such competence. Documentation of such competences may be submitted, if necessary, under section D.3. below.

As established in prior questions, the foundation has a large amount of Mevlevi practitioners that practice, transmit and transform this ICH in Turkey and abroad. As such, we will detail our work with groups outside our foundation.

Our foundation assisted in the creation of the following foundations in Turkey. We continue to work in close coordination with these groups and organize events together. Academic bodies:

The Kenan Rifai Centers of Sufi Studies Network. We currently have a 6-year project with Japan where we will facilitate meetings between students and practitioners. We recently published a book together.

The Mevlana Institute at Selcuk University. We jointly organized the International Mevlana Symposium until 2019. We now facilitate yearly talks from academics and practitioners at the institute.

We are also in close coordination with other safeguarding groups:

The Cenani Foundation, which focuses on the Rifai Sufi Order. We invited the head of the group to be a trustee and work with them to advocate the government for further safeguarding of Sufi ICHs.

The Turk Tasavvuf Musikisi ve Folklorunu Arastirma ve Yasatma Foundation focusing on the Halveti Cerrahi Sufi Order. We imparted knowledge of the Sema ceremony to the Cerrahis, who have integrated the Sema ceremony to their own rituals have trained hundreds of new Semazens. We also coordinate them for government advocacy.

UNESCO Turkey National Commission:

Our foundation was a member of the commission between 2014-2018. It attended commission meetings in 2010, 2013, 2016, 2017, 2022.

Between 2010-2018, member Huseyin Top completed a 12-volume Mesnevi commentary (traditionally read prior to a Sema ceremony) that translated the tradition into modern Turkish for a modern audience. It was published by the foundation.

Preservation/Protection:

In 2013, the foundation ensured that 9 phrases relating to the Mevlevi path were taken under state protection by the Turkish Patent Institute. The foundation continues to manually apply for the rejection of trademark applications containing relevant phrases. This is to ensure that the ICH is not overly commodified in touristic businesses.

The foundation submitted reports for the rebuilding of several historical Mevlevi convents (Mevlevihane): Gelibolu, Cyprus, Tokat, Bursa, Yenikapi, Kasimpasa, and Bahariye. It met with restorators and local officials and advocated that the convents were built and later repurposed in ways authentic to the tradition. We are able to share the report for Cyprus Mevlevihane: <https://mevlanafoundation.com/Lefkose%20Raporu.pdf>

In 2007 our foundation created a comprehensive report on the intangible cultural heritage of the Mevlevi order.

Afterward, in 2008, in cooperation with the Turkish Ministry of Culture, it applied for “Sema and Mevlevi Music” to be added by UNESCO to the list of “Masterpieces of the Oral and Intangible Heritage of Humanity” and its application was accepted.
